## **An honorary distinction for EOSS**

There is no greater distinction than the one bestowed on you within your own country by your very colleagues: EOSS is about to become the recipient of precisely such a distinction. The Wine Producers Association of the Northern Greece Vineyard (ENOAVE) will hold a special ceremony honouring EOSS. The ceremony will be part of "VorOina", the annual Northern Greece wine exhibition, and will be held on January 28 2008 (17:00 hrs) at the "Grande Bretagne" Hotel. During the ceremony, a special commemorative plaque will be presented to EOSS. The ENOAVE decision comes as an acknowledgement of EOSS as one of the country's largest and oldest wine producers whose name and quality of products have surrounded Greek wine in Greece and abroad with prestige and recognition, thus raising it to the level it deserves.
